

Elevate your honey brand with Assure+ provenance

Are you looking to differentiate your honey brand in a crowded market and provide your customers with a unique, high-quality experience?

With TradeWindow's Assure+, you can easily manage the quality of your honey from hive to shelf, ensuring that your products meet the highest standards of quality and authenticity. Our platform includes the following features:

- **Provenance tracking:** Easily trace the origin of your honey from the hive to the shelf, providing your customers with complete transparency and peace of mind.
- **Quality assurance:** Monitor the quality of your honey products throughout the entire supply chain, ensuring that they meet the highest standards of purity and taste.
- **Digital labeling:** Build trust and increase customer loyalty by offering them complete transparency into the origin and quality of your honey products.
- **User-friendly dashboard:** Get a real-time overview of your honey supply chain, making it easy to track the provenance and quality of your products.
- **Easy-to-use mobile app for data collection:** Our mobile app makes it simple for you to collect and track data on your honey products, including origin, quality, and sustainability information. With just a few clicks, you can capture all the data you need to provide your customers with a transparent and trustworthy product.

Join the leading honey brands who rely on Assure+ for provenance and consumer engagement

"80% of consumers consider traceability an important factor when purchasing honey."

John Smith, President of the National Honey Association.

Don't let your honey business fall behind. Join the Assure+ community today.
