

Your one-stop solution for Free Trade Agreement Certificates of Origin

Register today for digital certificates in minutes,
24 hours a day, 7 days a week*

TradeWindow Origin is authorised by the New Zealand Customs Service (under the Customs and Excise Regulations 1996) to issue Certificate of Origin in New Zealand for AANZFTA, CFTA, and RCEP; and is authorised by the Australian Department of Foreign Affairs and Trade to issue Certificates of Origin in Australia for AANZFTA, ChAFTA, IA-CEPA, JAEPA, TAFTA, KAFTA, UK (AUS) and RECP.

TradeWindow Origin is an affordable, fully automated Certificate of Origin service available 24/7*, where the certificate is returned to you within minutes of your request.

No more waiting for manually created certificates on someone else's time, although we can do manual/wet stamp certificates too if that is what you are after. Super-fast CoOs mean you can get on with your other tasks without having to juggle half-completed piles of export docs.

TradeWindow Origin:-

- Is recognised for meeting standards of quality, performance, technical expertise, competence and professional judgement.
- Operates to government regulations, national and international standards.
- Has a highly qualified and experienced technical team of industry experts.
- Operates under ISO 27001 & 9001 standards, with a robust framework encompassing systems, processes, and values by which the TradeWindow team undertakes services and engages with the industry.

What our customers have to say:

"Before implementing TradeWindow Origin, TradeWindow's data driven platform for digital Certificates of Origin, it could take up to 24 hours to generate a Certificate. Using TradeWindow Origin has meant that these certificates can now be generated for ANZCO's customers within 20 seconds."
